Introduction

UiTM Kedah will be organising the Technology, Science, Social Sciences and Humanities International Conference 2014 (TeSSHl 2014). It involves the presentation of theoretical and empirical papers in various disciplines as well as poster and product presentations from industries.

Objectives:

To provide a platform for academics, policy-makers, industry players, professionals, researchers, practitioners and scholars worldwide to interact and share knowledge, experience and expertise in the field of science and technology, social sciences and humanities.

To support collaborative efforts between related parties which may enhance global connection in knowledge transfer, research and business.

To enhance awareness on the importance of synergising transdisciplinary knowledge and research, through holistic approach in policy planning, programs and execution, towards achieving a sustainable development for the good of mankind.

Conference Delegates

Academics, researchers, policy-makers, practitioners and professionals of the respective fields or areas related to Technology, Science, Social Sciences and Humanities.
